# We are an education charity

We are an independent education charity and the largest provider of academic qualifications taught in schools and colleges. We set and mark the papers for nearly half of all GCSEs and A-levels taken every year and our qualifications are taught in more than 30 countries around the world. They are highly valued by employers and universities and enable young people of all abilities to progress to the next stage of their lives.

Born out of five leading universities, we have over a century of qualifications expertise. Today, we employ more than 1,000 people and work with around 28,500 teachers, lecturers, subject experts and academics who help set and mark our exams.

Our purpose is to advance education by enabling students and teachers to realise their potential. Any money we make through providing qualifications gets invested back into education and enables us to develop and offer a broad range of qualifications. It also funds other educational services, such as assessment research, and our Unlocking Potential mentoring scheme for young people.

## 2017/18 exam fees

We aim to provide market-leading specifications and first class support services that are excellent value for money.

All our fees include a comprehensive support package for teachers, including opportunities for [professional development](#) (CPD).

Our overall aim is to keep our prices competitive, while taking account of the changes to the exam system which are leading to increased costs.

As previously, we have set higher fees in some subjects, for example those with comparatively low entry levels and/or high delivery costs. This approach helps us to offer schools and colleges as wide a choice of subjects as possible.

## Supporting you through change

Education policy reforms mean GCSEs, A-levels and school performance measures are all changing. We are supporting teachers through this challenging period, so that the transition to the new qualifications is as smooth as possible, and their focus can remain on students. Find out more about how we are supporting teachers through [changes to GCSEs, AS and A-levels](#).

# Entry details

## Dates and explanation of charges

---

### Basedata

Basedata is specification, fees and timetable information in the inter-board common format. It is designed to be imported into school or college administration software. Please see [aqa.org.uk/basedata](http://aqa.org.uk/basedata)

### Entry deadline

The final date for entries to be received by us before additional charges are applied.

### Entry fee

The fee is charged in full for each entry.

### Late entry fee

Charged for each entry for a **new** student received after the entries deadline for each exam series. This fee is 100 % of the original entry fee and is in addition to the entry fee.

### Very late entry fee

Charged for each very late entry for a **new** student received from the date specified for each exam series (see table of key dates on page 5). This fee is 150 % of the original entry fee and in addition to the entry fee.

### Amendment fee

Charged for each amendment to entries for an **existing** student made from the date specified for each exam series (see table of key dates on page 5). This fee is 100 % of the original entry fee and is in addition to the entry fee for any new entry.

### Withdrawn students

Entry fees will be refunded for each entry withdrawn by schools/colleges before the date specified for each exam series (see table of key dates on page 5). **Late, very late and amendment fees are not refunded.** No refunds are made for those withdrawn after these dates (except on medical grounds, where partial refunds will be considered) or where students are simply absent from the exam. Any request for a partial refund of fees must be accompanied by satisfactory supporting medical evidence. Fees paid cannot be carried forward from one exam or series to another.

### Late awards (aggregations)

Subject award entries will be accepted without additional fees during the four week period immediately following the publication of results (until the closing date for enquiries about results).

### Retrospective or very late awards

After the closing date for enquiries about results (four weeks after the results are published) requests for an award (aggregation) in that series or any previous series will incur an additional fee of £48.00 per student per subject award to be aggregated.

## Table of key dates

Below is a table of key dates for exam series and the dates on which fees will be applied and charged.

NB: June GCSE entries must be entered for linear assessment, ie each individual unit entry **and** the Award entry.

## Transferred students

Where a student takes an exam at a ‘host’ school/college, ie not the school/college at which he/she is entered, a transferred student fee is charged for each request form per series.

Transferred student group request fees only apply if all students in the group are being transferred to the same ‘host’ school/college.

The table below shows the deadlines for transferred students.

Please note: **late requests will be charged at 100 % in addition to the regular fee** as stated on page 4.
