

Gazzetta Dello Carre's

Issue 2 June 2007 Carre's Grammar School Sports College Sporting Newsletter

Year 11s Final Day

Wednesday 16th May saw the current Year 11 have their final day of lessons before going on study leave. As with previous years they were given the opportunity to participate in house competitions during the afternoon. There was a mixture of activities available from Chess to Football and every Year 11 took part in one area or another.

Chess:

1 st	} Not played in house groups.

Table Tennis:

1 st	Carre
2 nd	Welby
3 rd	Bristol
4 th	Lafford

Overall standings:

1 st	= Carre	= Welby
3 rd	= Lafford	= Bristol

Proud managers Colin White and Andrew Wilkinson flank the first team football squad, as a commemorative picture is taken inside Northgate sports hall. The picture, taken by a local professional photographer, will be placed alongside that of the others inside Room 42 for all to see. It's presence continues a long held tradition of recording those teams and individuals who have performed on a national scale through the 'Wall of Fame'. The tremendous achievement documented in the previous issue of *Gazzetta Dello Carre's* has sparked a debate regarding which year has seen the greatest football team in Carre's history; a question which no doubt will be argued over for some time to come. Our congratulations go out to all of the squad members along with good luck wishes for those taking exams.

Athletics takes its marks.....

The athletics season got underway with the annual District trials at Peterborough on Wednesday 16th May. This event is an invitational meeting for athletes who are of a standard to represent South Kesteven Sports Association in the upcoming events. Mr. Offer, Mr. Rooney and Mr. Young took a strong field and several boys put in some excellent performances. Year eleven, Sam Wright, flew home in the 1500m to take first place in the Inter Boys competition. This feat was matched by Oli Guilliat (100m) and Julian Bicknell (400m). Not to be outdone, boys from the lower school also stole the lime light. Matthew Bee (year 8) managed to gather two personal bests when he finished 4th in the 800m and 2nd in the 1500m. Luke Tupholme, (2nd Discus), Adam Maddy (1st Shot Putt) and James Wathen (1st Javelin, 1st High Jump) showed the Year 9 are a strong athletic group. All of these boys will see further action around the

Year 7 cricket report by Chris Hill

A few weeks ago, Carre's Grammar School played Bourne Grammar School at cricket in a twenty over match. We had some very good bowling from Conor Steele and Charlie Rossington. Connor managed to get two wickets. The downside of our fielding was that we dropped four catches.

Our batting went well, especially thanks to Jack Gourley and Conor Steele. We had two balls left and we thought we needed to get five runs to draw and six runs to win. Jonathan Twelvetrees went in to bat, but unfortunately was bowled out on his first ball, so Joe Mayfield went in thinking he had to hit a six. He swung as hard as he could but missed the ball and got bowled middle stump. After the match we were told by Mr. Young that we only needed two runs to win!

The captain was Jack Gourley

Carre's got 79 runs for 7 wickets
Bourne got 81 runs for 3 wickets

Year 8 Cricket report by Alexander Hales

The game between Carre's Grammar and Lafford was a cup game and whoever won got through to the next round. Carre's got to the ground first and took advantage of the facilities at Sleaford Cricket Club and had a practice in the nets. By the time both teams were ready the two captains came together for the toss. Carre's won it and elected to field, so the teams went back to their changing rooms to prepare.

The first ball was bowled by Sam Gascoigne at around 1:15pm and it was a peach of a delivery. Also in the field there were a few new faces due to injuries or other excuses, Luc Chignell and Connor Holmes were brought into the team. We were all eager for the first wicket, and it came from a beautiful delivery by Tom Thacker which the batsman steered straight into Alex Hales' hands. Later on in the innings more and more wickets fell until in the last over and the last ball where Alex was looking for another wicket...the batsman hit him away for four runs.

Later, after Carre's had a little telling off by their coach (Mr Offer) for bowling too many wides, they went out to bat with Alex Hales and Sam Gascoigne, and they got off to a flying start. Later in the Innings, Sam started to get bored, so he went after a few of the deliveries and got run after run, until he foolishly ran himself out looking for the second to get back on strike. The next batsman in was Tom Thacker and he also wanted runs, but managed to stay in at the end and score the winning runs! We all shook hand like good gentlemen and went inside to celebrate the wonderful victory!

Referee Chris Morley talks to both the captains in Monday's fixture, aided by Damon Tunnicliffe and Tom Siddons.

Monday 21st May saw the first interschool competition on the new all weather pitch. It was a chance for Chris Barry, the Football Foundation's East Midland Technical Director) to see first hand how the build had gone and whether the pitch was of the standard demanded. Midtown F.C. under fifteen travelled down from Gainsborough as the Scunthorpe League one winners. A good battling game saw the school run out 5 - 0 victors with Pollard (pen), Burrows, Ward (pen) Adey (cracker) and Pullen all making it onto the score sheet. Mr. Wilkinson said after the match "We saw some really good football tonight. Charlie Ward played superbly on his debut for the year tens." Brian Rowland, Sleaford Town Football Club first team Manager commented on how well the school had played.

Any clubs or bodies interested in booking the facility are invited to contact Charlotte Williamson by emailing pitch@carres.lincoln.sch.uk

Swimmer, Sam Wright 10W, had a terrific end to a great season when he won the opportunity to swim against National Competitor Mark Foster. Mark's honours include:

- 3 times Olympic finalist
- 12 times world championship finalist
- 2 times commonwealth champion
- 10 times European champion
- 8 times world record holder

Sam won the chance in a raffle at the start of the season and was overjoyed to go up against one of his idols. Sam's swimming continues to go from strength to strength. This year he has won his club championships in all Breaststroke lengths, retained his county 50m, 100m and 200m titles and finished first in the 50m and 100m Breaststroke at the National Meet in Sheffield.

Year 7 Cricket: Wednesday 23rd May

As the specified start time, of half past two approached, Mr Young started to look anxious by the absence of the opposition. Kirton Middlecott School from Boston arrived slightly late for their second round match of the county under-twelves knock out. The visitors won the toss and elected to bat. The wickets began to fall quickly and didn't really stop. Rossington started proceedings by skittling Nuttall for naught of his first delivery. The only Kirton batsman to stay in for any length of time was Tunnard who made 4 off 14 deliveries. At the end of 15.3 overs, Middlecott were all out for 25 runs, seventeen of which were extras. A stony faced Mr. Young did well to keep his charge's feet on the ground explaining that he was unhappy with so many wides being bowled and sent Rossington and Bower out to open the batting. Four runs came off the first of Lote's overs with Rossington hitting consecutive twos. This set the tone of the innings with the Carre's boys finding the required twenty six from just thirty one balls. Happy in the victory, the boys will find much stiffer opposition as they progress through this cup competition.

Bowler	Overs	Maidens	Runs	Wickets	Average
Ward	4	0	6	3	2
Rossington	3	0	5	1	5
Gourley	4	0	5	2	2.5
Steele	4	1	3	4	0.75
Mayfield	2	0	6	0	0

In the spotlight.....

I was appointed as Fitness Manager at Carre's Grammar School in February 2005. My main role involves managing and supervising the fitness suite, teaching pupils in year 9 and above how to use the gym machines and setting people appropriate exercise programmes to follow. During These lessons we look into health related fitness, including cardio-vascular, muscular endurance and muscular strength exercises.

Over the last two years I have been establishing links with the local GP surgeries and hospitals. I now deliver various exercise sessions for people who suffer from various medical conditions including coronary heart disease, diabetes, depression, arthritis and various other medical conditions. As my position is fifty percent funded by Active England (a section of Sport England) and the remainder from profits accumulated by public membership, all of these programmes are offered free of charge to encourage people to lead a more active lifestyle. We also employ several of the Carre's students as fitness instructors. Ben Machin, Jamie Bentley, and Bradley Jones have all passed through their WABBA training and are fully qualified to assist in the running of the facility.

I studied a degree in Leisure and Recreation studies with Sport Studies at Bedford University. Since leaving university I have gained more specific fitness qualification including; YMCA professional gym instructors award, Wright Foundation Referral Programme consultant qualification, and British Association of Cardiac Rehabilitation. I am also registered as an advanced level 3 instructor on the register of exercise professionals (REPS).

Nigel Stephenson, fitness manager Carre's Grammar School Sports College

Before working at Carre's Grammar School I worked for Total Fitness, Lincoln, as senior Health and Rehabilitation Instructor. This involved teaching a range of exercise classes including Spinning, Boxcercise, Circuit Training, Aqua-Aerobics, Core stability.

I enjoy playing and watching a variety of sports including cricket, golf, football and table tennis. In the past I have run the London marathon, Great North Run, and various 10km runs.

Sports day 2007

A picture says a thousand words.....

What a day! The pictures are just a sample of those taken, the rest can be found on the school intranet, Works drive, in a folder imaginatively named 'Sport Day Photo's 2007'. Starting from top left and working right in rows they show; The victorious Bristol House arriving, Mr. Wilkinson in his familiar role as starter, Callum Steele's Triple Jump attempt, Jamie Siddons leading his House to victory in a record breaking 4 x 100m relay time, Mike McMillan winning the long jump, Cameron McConchie giving his all in the Shot Putt, Carre House contemplating how they are going to cope with last place, the start of the Year Eight 1500m, not quite a text book high Jump technique from Sam Ogden, Alex Hales piping Ali McPhearson to third place in the Year Eight 400m, Mr. White addressing the lads in his 35th and final Sports Day and the record breaking crew 2007!!!

Rowing:

Tom Bond Yr 9 National Schools Regatta

On Friday 25th May, Tom and his rowing partner Lawrence Arnold (shown left) represented Nottingham Rowing Club, at the National Schools Regatta in the Junior 14 double sculls. To their credit, in their third race of the day, the final, they achieved the silver medal. Beating schools from across the UK and in the fastest final in the last 4 years. Tom and Lawrence will now row in a number of smaller regattas, leading up to the National Rowing Championships of Great Britain in July.

Carre's Grammar Versus Horncastle Grammar Year 9 Cricket By Tom Coghill Horncastle Innings:

The players from Carre's arrived at one o'clock ready and raring to go for this cricket match. The game was to be played at Sleaford Cricket Club. To begin with there was about 65% cloud coverage, which would help the ball to swing.

During Carre's short fielding warm up the opposition arrived: Horncastle Grammar. They quickly went to the square to check out the wicket. It was Horncastle who were going to bat first, leaving Carre's to bowl.

The open batter for Horncastle was Govind and he would be facing Ollie Starbuck. The first delivery had good line and length and Govind played safe and settled for a dot ball. Just the two runs were given away from Starbuck in the opening over. The second over saw Tupholme bowling to Govind. Two quick singles and a wide was all that was given away from Tupholme's over.

Govind and Shaun soon settled into their rhythm and the first four of the match was hit by Shaun off Starbuck's bowling, soon after Govind smashed another for four. But then Shaun got lucky when he chipped one high into the air which just dropped short of the outstretched arms of Tupholme. Off the last ball in the third over there was a leg before wicket appeal, but nothing came of it. In total there was 11 runs off that over.

But it was in the fifth over where the breakthrough was made, after Starbuck bowled three consecutive wides he dismissed Shaun, caught and bowled. Shaun had done his job for the team getting a respectable 15, but then had to make the long walk back to the changing rooms with all the crowd's eyes upon him.

Now it was Tupholme's turn to bowl to the new comer Liam, straightaway he was attacking him with some great bowling and nearly took his wicket with a great delivery. In the seventh over James Wathem joined the bowling offensive. It was a slow over with all dot balls, until Wathem bowled a great ball taking Govind's middle stump. A great over from Wathem with a wicket maiden.

Now Ben Partridge joined the bowling attack, good constant bowling resulting in one four which was hit straight back at him and raced away towards the boundary, but the total from Partridge's bowling was 16. Wathem's bowling from the Pavilion End saw Henry caught comfortably by Bates. When Elliott came into bat Wathem rattled him with his fast, consistent bowling.

By the halfway point of the innings the cloud cover had dropped to about 20% making it hot for both the fielding and batting team. In the tenth over Partridge scared Elliott with a great bowl. After ten overs Horncastle Grammar had managed to put 43 runs on the board, which is an average of 4.3 runs an over.

Now a change of bowlers was made, Wathem who had to depart due to a pull in his back allowed Bradley Russel-Webster to bowl. His leg spin unhinged the Horncastle batsmen and caused Elliott to toss one high into the air, to everyone's disbelief Tupholme dropped the catch.

Partridge's next over was again a consistent one, at about the mid-point in the over Carre's appealed for an edge behind, but once again not given. After that little shake Liam was caught by another good catch from Bates.

After some more great spin bowling from the captain Russel-Webster, Partridge took his second wicket of the day dismissing Andy with ease, onto the square steps a former Carre's student Robert Blackler. After 14 overs Horncastle had scored 50 runs. Later in the over a great sweep from Elliott saw Partridge go for another four. Russel-Webster's leg spin confused Robert and caused him to open his body up and cut the ball straight into the grateful hands of Hails. After the dismissal of Robert, Russel-Webster was faced with a new challenge, a left-hander. He chose to bowl around the wicket to the left-hander, Andrew. A risky two runs almost cost Horncastle, ceasing on an unfortunate misfield.

Ben Lambert came into the bowling attack and his first over was a good, steady one, giving away just three from his over. Nick Bates also joined the bowling, some wides bowled and hit for a four just the seven given away though.

Tupholme replaces Lambert bowling from the Mareham Lane End, first delivery he was edged behind for four, then two balls later Ogden should have taken a simple catch at wicket-keeper but failed to, to the despair of his team mates. As Bates continues his bowling he took Andrew's middle stump, this gives Sam the opportunity to bat the final over against Starbuck.

First delivery from Starbuck sends Elliott walking on 14 whom batted very well. Next bowl a harsh wide was given commented the team analysers: Chris Bates and Joel Barlow. After Starbuck had been hit for four, there was a run-out on the last ball of the innings. Horncastle ended with 79 runs, highest scorers: Shaun-15 Elliott-14.

The Carre's innings got off to an awful start with Bates and Tupholme opening the batting against Govind. On only the third bowl of the innings there was a huge appeal against Bates, but not given. Then next ball Bates edged to slip for a duck to a poor delivery. Now Ogden took to the crease. First ball he faced, out. But fortunately it was a no ball so Ogden continued his innings, slightly relieved of the embarrassment of a Golden Duck. Several balls later Tupholme took a wild swing and was luckily dropped at mid-on. Ogden started to focus more after his earlier mistake and then hit a great shot which went for four. Andy continued the bowling for Horncastle and Ogden launched him for a brilliant four.

Throughout Tupholme's and Ogden's partnership there was great understanding and communication, a key to their success. Although at times their choice of running was risky and rash it worked the majority of the time and put a huge amount of runs on the board for Carre's.

After some more patient batting for Tupholme and Ogden, Ogden smashed another four. Now Wilkinson took it to the Carre's batsmen, he bowled the seventh over. But some bad fielding saw Ogden and Tupholme get another single. Ogden sent yet another ball racing towards the boundary, bringing himself and Carre's ever closer to their target. But Ogden's innings was cut short by a good catch, he was dismissed on 23. Starbuck came to the crease to edge Carre's further towards their target of 80. A good first shot gains two more runs for Carre's thanks to Starbuck. A descent throw-in almost saw Tupholme walking, but he was *just* quick enough between the wickets. A good partnership was being built between Starbuck and Tupholme, due to a combination of good shots and quick singles. A great sweep brings Carre's within touching distance of victory, but then Starbuck was bowled out for 8. Hails comes to the square to hopefully provide the final push over the line for Carre's, this he did so with a good boundary on his first ball. Victory for Carre's! Highest scorers: Tupholme-31 Not Out Ogden-23

Kayaking: Phillip Matthews 9X

On the first weekend of the half time I went to Teesside White Water Centre to compete in the Youth Freestyle competition.

Last year I was in the 'under twelve's' category, but this year I have moved up into the 'under fifteens' age category so I was up against some who are competing for Great Britain in the 'Worlds' (world championships).

In the end I came 18th out of 25. Overall I think that I did well considering the people I was up against and that I am the youngest in the group. I also competed in the Nene White Water Centre Youth Freestyle competition on 3rd of June but I am still waiting for the results from this. I will let you know where I came as soon as I find out.

I have included a hyperlink to the web page which shows the results of the Teesside competition so you can see for yourself.

<http://youth.ukfreestyle.com/2007teesideresults.php>

Biathlon: James Wathen 9

Even though James could swim before he was 3 years old, he has only seen with Newark Swimming club since he was 9, and was swimming competitively from then, but only began entering biathlons 3 years ago. He was introduced to them through the club and had to become a member of the Pentathlon Association of Great Britain in order to enter. Evenly spaced over the year the MPAGB runs a triathlon and biathlon. The East Midland region holds a qualifying round at Southwell in Nottinghamshire, from which the top six in each age group qualify for the National final. Although distances have been in the younger age groups, it means that every race is a sprint. Next year the distances will double. At the Nationals, held at Norwich University, he managed the 100m swim in 1:01:45 and ran 1km in 3:00:95, which was a 15 second improvement from the regional round. James commented "Winning the Youth C Boys British Biathlon was a close competition. It has been brilliant to have the opportunity to use such fabulous facilities as UEA, Norwich, Sports City and the Aquatics centre in Manchester on previous occasions."

An electronic copy of 'Gazzetta Dello Carre's' can be found on the school website www.carre's.lincs.sch.uk in the publications folder found in the menu on the right hand side.
