

CARRE'S GRAMMAR SCHOOL

NEWSLETTER

Final Foreword by Mike Reading - Headteacher

December 2007

Issue No. 34

Final words...

Time has, as usual, flown by and now I find myself surrounded by boxes in my office as I spend the last day and a half as Headteacher at Carre's. Within the context of the school's 400 years, my tenure in leading the school has been short. On a personal level it has been exhilarating.

At the end of the first term a colleague remarked that they thought too much was being changed, too soon. I remember that at the same time I was thinking that there was so much to do and was questioning whether the pace should have been faster!

There have been many highlights; on the sports field excelling at Football and developing so far in other sports, the profile Carre's has as a successful Sports College, year on year improvements in academic results, international experiences, linking with partners to bring about developments such as the all weather pitch and the generosity of Mark Brealey in bringing about the Learning Resource Centre; but the highlight has been day-to-day working with dedicated colleagues, teachers and talented support staff and most importantly, your sons.

Carre's students are a fantastic asset for the town and the community's future. They have an energy that is profound and an optimism that gives reassurance. This school is entirely about them helping to become the best individual, friend, husband, partner or father. For that, thank you from the bottom of my heart to those dear students of Carre's and every good wish for Christmas, the New Year and your futures.

Mike Reading
Headteacher

Key Stage Updates

Year 7

September saw us welcome the next cohort of Year 7 students and their parents. We look forward to a successful partnership over the coming years. On the first Friday after the October holiday the whole of Year 7 went to Caythorpe Court for a team building day. The weather was very kind to us and we had a great day. Many boys achieved personal victories as they conquered those challenges that featured height and others discovered a talent for leadership and problem solving. Each team was asked to nominate 3 team members in the three following categories - overcoming a challenge (C), encouragement of others (E) and showing leadership (L). Below are the boys who were nominated:

Group	Nominees
Mrs Brooks	George Curson (C) Harry Bennett (E) Ben Blyth (L)
Mr Ratcliff	Judah Elliott (E) Vince Harris (L) Chris Gadsby (CLE)
Mr Wilson	Callum Foard (C) Connor Harrison(E) Daniel Midgely(E) Aaron Hodgson(L)
Mr Hanlon	Charlie Knott (E) Sandy Ireland(C) Adam Hunt (L)
Mrs Warhurst	Matthew Whisker (C) Kieran Matthews (E) Jonathon Lister (L) Tom McIntyre (L)
Mrs Smith	Matthew Yates (L) Muzamil Abidi (C) Oliver Alderton (C) Haran Dunderdale (E)
Mr Bartlett	Alex Smith (E) Kai Packman (C) Oliver Patrick (L)
Mr Broadhurst	Keshwara Pritesh (E) Kyle Houldsworth (CEL) Craig Anderson (L)
Mr Lord	Ashley Roe (EL) Charles Price (C) Charlie Stubbs (EL)

“Remember a Star with a Star”

During this term Year 7 have covered the issue of bereavement in their PSHE lessons. As part of our positive approach to this sensitive topic the Year 7s take part in our “Remember a Star with a Star” charity project. The Gifts Hospice usually donate their Christmas Tree to us after their service at St Denys’ and we aim to raise some money for them by offering the students and staff the chance to hang a star on the tree in memory of a loved one in return for a small donation.

Year 8

Operation Christmas Child

Year 8 has been busy filling as many shoeboxes as possible for the benefit of less-advantaged children around the world.

ROAD Charity Project

Last year when they were in Year 7 the students raised money for the cause of ROAD, a local charity that supports disadvantaged people in Romania. The final fund-raising activities concluded in the summer term and a total of nearly £700 was raised by the four forms.

Jim Cork from ROAD came into assembly just before the October holiday to receive a cheque for just under £700 on behalf of the charity. He shared with us that the project which we chose to support is due to be launched in the New Year. The chosen project involves teaching young men and women to drive. The ability to drive then opens up very real employment opportunities for the young people involved and gives them a future. It costs about £100 to provide the necessary training and instruction. Thanks to the boys in Year 7 last year, seven young people will face a very different future. Well done boys!

Key Stage Updates - continued

Year 9 – Community Larder / Nomad Emergency Shelter

At this time of year we also encourage Year 9 to consider helping others less fortunate than themselves. They focus on those who find themselves homeless or in straightened circumstances. They will be asked to coordinate the donations of food and other suitable items. The Sleaford Community Larder and Nomad Trust based in Lincoln are the main beneficiaries.

Junior Prizegiving

We held the first of our recently reinstated Junior Prizegiving Ceremonies on Thursday 18 October. We celebrated the achievements of our students in each of the subject areas last year. Up to five boys in each year were nominated in each subject area for their achievements with regard to progress and/or attainment.

In future we envisage this ceremony taking place towards the end of the academic year, in the Summer term.

Prizes were awarded to the following boys:

English

Y7 Ben Brunt Simon Johnson George Miller Ashley Kershaw Alec Ferguson
Y8 Aaron Pilgrim Liam Robinson-Dales Ben Wilkinson Matthew Layton Frazer Cobb Raj Gowribalan
Y9 James Lloyd Tom Watson Oliver Wheeler Jason Savage Alex Maidment Jack Williams

Special Achievements

One young man in Year 10 has achieved the very prestigious award of "Queen's Scout". In these days when many decry the behaviour of young people it is particularly pleasing to hear of such achievements in a nationally recognised organisation. Congratulations to Phillip Matthews!

Securus...ICT Security System

Securus is our ICT security system and it is a very sophisticated tool. We have told the students this on numerous occasions but they still appear to have trouble believing us!

They seem to think we are bluffing. Sadly, several have discovered recently that it is not bluff! Securus monitors Internet searches and will take screen shots of any inappropriate searches. It also monitors email traffic and language used on students' home folders. Any inappropriate or offensive language is flagged up...even if it was eventually deleted from an email! Boys, we are not bluffing, as some of your fellow students have discovered to their cost! Your use of our Intranet and the Internet is being monitored on a daily basis.

Key Stage Updates - continued

Internet Plagiarism

Whilst on the subject of misuse of the Internet, it is probably an opportune moment to remind students that they also need to be very careful when using the Internet to research and produce coursework (and also homework). Should they include anyone else's material in their work it **MUST** be acknowledged and relevant reference details included. This is standard academic practice and failure to adhere to this practice puts students at risk of being disqualified from the qualification. Teachers who are familiar with their students' work are generally very adept at spotting when a student has cut and pasted material into their work. Plagiarism is a serious offence with potentially very serious consequences for both the student and the school. Students who engage in deliberate plagiarism in coursework will face exclusion.

Students also need to exercise caution when using websites like Wikipedia. The factual information may have been supplied by contributors whose levels of literacy leave something to be desired. Good research will always involve checking facts by referring to more than one source. Internet translators are also to be avoided. Some are very unreliable and inaccurate. Others produce a level of the language that would generally only be acquired at university!

Uniform Reminders

Some students could perhaps spend some of their holiday time practising the art of tying a tie! It would appear that several are struggling to tie their ties to the conventional length. Another rather baffling habit involves wearing one's trousers so low that the back view is sadly reminiscent of a toddler's nappy in need of a change! It is most unattractive boys. The boys also need to ensure that their trousers are held up with a smart, black belt. Please make sure that you do not find yourself exhausting our patience with constant reminders and spending an hour of your time after school in detention. We expect the inner smartness to be reflected in your appearance.

Year 11 Mock Exams

The beginning of December saw the Year 11 students sitting their mock GCSE exams and as the term draws to a close they will have had important feedback from their teachers. It is crucial that they analyse their performance and identify their strengths and weaknesses so that they can use the remainder of their time to prepare effectively for the real exams in the summer. We wish them a well-earned rest over Christmas but trust that they will remember to prepare for their language orals in January. The mock exam results will be posted out in the next few weeks.

Carol Service

We are looking forward to finishing the term on a festive note with our annual carol service on Thursday 20 December. It is always good to see the musical talents of our students showcased and enjoy their contributions to our service.

We hope that all members of our school community will enjoy spending some time over this season with their families and that the New Year will bring a sense of expectation and hope for the future. We wish you all a restful and enjoyable break.

Key Stage 4 Citizenship Sustainable Schools

Eco-Schools

Over the last term the Year 10 and 11 students have been considering the importance of making the school as sustainable as possible to try and encourage the students to 'Act Local, Think Global!'

As part of this project all of the boys considered different elements of school life, from energy efficiency to transport to food sources. A range of team presentations were made to Mr Reading and Mrs Andrew, with the most effective presentations being made by James Hoyes, Tom Monson, Adam Petch and Tom Pearce in Year 11 and Lloyd Henderson, Alex Walton in Year 10. Well done to these boys!

Key Stage Updates - continued

KS4 Citizenship Sustainable Schools (continued)

Since then, the Year 11 students have made a very successful and well-received presentation to representatives of the Governing body, outlining their ideas and thoughts for the future. School is currently aiming to achieve the Silver Award for Eco Schools by the end of this year by implementing a range of ideas to make the school more sustainable. As the project unfolds, there will be further feedback through the Newsletter.

Senior Maths Challenge

Our strongest Sixth Form mathematicians recently undertook this national challenge, organised by the University of Leeds. 90 minutes of mental gymnastics ensued as they wrestled with some extremely challenging problems - such as the one below. Two students, Edward Cree and Callum McConchie, obtained extremely creditable Gold awards, Richard Rosa obtained a Silver and Chris Barnett and Adam Lee Bronze awards. Well done to everybody who competed.

So, can you match our highly trained Sixth Formers? Try this

Which of the following gives the exact number of seconds in the last six complete weeks of 2007?
A 9! B 10! C 11! D 12! E 13! (Note that $n! = 1 \times 2 \times 3 \times \dots \times n$) (answer on back page)

It's A Boy!

Mrs Needham gave birth to a baby boy on Friday 7 December .
He weighed in at 7lb 7½ oz and his name is Samuel. Mother and baby are both doing well.

Fundraising at Carre's

Children in Need. Our Children in Need fundraising day raised an impressive £936.

This amount includes: "Boys in Dresses"	£ 136.85 (picture on page 9)
John Neale (in dressing gown)	£ 55.92
LRC Raffle	£ 58.69

Poppy Appeal. We collected a very creditable £214.63 for the Poppy appeal.

Fundraising at Carre's - continued

Children in Need Appeal "Boys in Dresses" - raised £136.86

Drayton Manor - 2007

Pictured below is a reminder of sunnier climes - Mr Hanlon, Mrs Smith and Mrs Watson enjoying Splash Canyon at the Year 7 Drayton Manor trip in July this year.

Year 10 Theatre Experience

The Year 10 German group were treated to a theatre experience at St George's College of Technology on Friday 23 November. The Onatti Theatre Company performed a very good play called *Meine neue Schwester*. Boys were very surprised at how well they understood the play and how entertaining it was. Similar French and Spanish experiences will be held later in the year.

Lincolnshire Central School Partnership

PESSCL results for 2006/07

The Lincolnshire Central School Sport Partnership was delighted to receive some excellent news from their annual PE, school sport and club links survey (PESSCL). The Partnership has 91% of young people taking part in at least 2 hours of high quality PE and school sport each week. This score is 6% above this year's national average and 5% above the national target for 2008.

This is official recognition for all the hard work which teachers, coaches, supervisors, volunteers and School Sport Co-ordinators have committed to the programme over the last 3 years to improve the amount and quality and the PE and school sport each child receives.

Activemark and Sportsmark Awards

These annual awards are given to schools each year for their commitment to PE and school sport. This year they were awarded to all schools which have at least 90% of young people in their school receiving 2 hours of high quality PE and school sport in a typical week.

In our partnership 92% of our primary schools met this target and were awarded Activemark, compared to 67% nationally.

38% of our secondary schools were awarded Sportsmark for reaching this target, compared to 10% nationally. Carre's Grammar School were one of the secondary schools to receive this accreditation.

Do You Recognise Anyone?

There are two of our current members of our staff in the photograph below - can you work out who they are? (Answer on back page)

News from the Office

Some of you may have noticed that there are some big changes being made to the office. From January 2008 the office will become two separate offices - the far side will become Mrs Batten's office and the other half will become the school office. Our smart new reception window, designed and constructed by Mr Mawditt, Mr Scholefield and Mr Watson, is now on the right hand side as you walk through the entrance doors to the school. The entrance to the office will be where the old reception hatch was previously.

There have also been some changes to the staffing in the office. We now have a new Office Manager, Mrs Gerry Coppard, and Tracey Williams, formerly Administrative Assistant, has now taken on the role of Examinations Officer. Lesley Batten, who is the Head's PA, and Tracey Williams are not now based in the school office.

The office staff are:

Gerry Coppard	- Office Manager
Mel Woolgar	- School Secretary
Karen Archer	- Reprographics Assistant

Other Staff Changes

We also have two new additions to the support staff, namely **Mrs Michelle Wade**, who has been appointed to the post of Learning Resources Manager, following Emma Whitton's departure. **Mrs Teresa Mallinson** (who worked at Carre's previously as a Learning Support Assistant), is our new Cover Supervisor. Welcome to all our new staff.

*Wishing you all a Happy Christmas
and a Peaceful New Year*

SCHOOL RECOMMENCES ON MONDAY 7 JANUARY 2008

Answer to Maths question on page 8 — B 10!

$60 \times 60 \times 24 \times 7 \times 6 = (10 \times 6) \times (3 \times 4 \times 5) \times (8 \times 3) \times 7 \times 6 = 10 \times 2 \times 9 \times 4 \times 5 \times 8 \times 3 \times 7 \times 6 = 10 \times 9 \times 8 \times 7 \times 6 \times 5 \times 4 \times 3 \times 2 \times 1 = 10!$ (easy!)

Answer to "Do you recognise anyone"? - Middle of back row - Mrs Smith. Middle of front row - Dr Moyes!
