Behaviour Management Policy (incorporating Student Discipline Policy)

Local Governing Body Statement of General Principles

General

The Local Governing Body (LGB) is charged with the duty to set the framework of the school's policy by providing a written statement of general principles relating to discipline, taking into account the needs of all students. It will be reviewed annually or earlier, if necessary.

The LGB also expects the views of students to be taken into account when the Headteacher/Head of School draws up and reviews the school discipline policy.

School Ethos

The LGB expects the school to be a place where all individuals are respected and are individually valued, where students are encouraged to achieve, where self-discipline is promoted and good behaviour is the norm so that every student is enabled to learn to the best of their ability.

Behaviour should reflect the highest moral standards and, in particular, we will not tolerate persistent bullying or other anti-social behaviour.

Code of Conduct

The Headteacher/Head of School will draw up and review periodically a positive and constructive Code of Conduct that will:

- promote self-discipline and proper regard for authority among students;
- support teachers in ensuring that students' learning is not compromised by poor behaviour;
- encourage good behaviour and respect for others, and prevent all forms of bullying among students;
- ensure students' standard of behaviour is acceptable; and
- regulate students' conduct.

Rewards and Sanctions

None of the school's punishments must be degrading or humiliating.

The LGB expects all rewards and sanctions to be applied fairly and consistently.

The LGB has formally agreed that the following sanctions may be used in the school in appropriate cases:

- completion of work at home or additional work (in school or at home);
- carrying out useful tasks to help the school:

- detention (in school hours or outside school hours, bearing in mind the legislative restrictions on detention in s 550A of the Education Act 1996, as amended in 1997);
- removal from the group/class, particular lesson or for a proportionate period of time;
- withholding participation in educational visits or sports events which are not essential to the curriculum; and
- fixed and permanent exclusion.

Students with SEN or Disabilities

Where the misbehaviour of student is related to a mental or physical disability, the governors expect that the Headteacher/Head of School will make reasonable adjustments to enable the student to be included within the school community. These will include:

- ensuring that staff have had training in the nature of disabilities, and how they should treat student with disabilities;
- ensuring that staff are aware of any student with such disabilities;
- ensuring that help is sought and/or purchased from the LA to enable the school to make reasonable adjustments;
- ensuring that school resources are committed to assist in making reasonable adjustments;
- making reasonable adjustments to school organisation or to the timetable of the particular student, and
- ensuring that disciplinary sanctions take into account the impact of identified AEN on behaviour or conduct.

The School Discipline Policy

General

This policy puts into effect the LGB statement above.

Responsibilities

The Headteacher/Head of School

The Headteacher/Head of School's role is to determine the detail of the standard of behaviour acceptable to the school, to the extent that this has not been determined by the governing body. The Headteacher/Head of School has the day-to-day responsibility for maintaining discipline in the school, which will include making the Code of Conduct and provision for enforcing it.

The Headteacher/Head of School must set out measures which aim to:

- promote good behaviour, self discipline and respect;
- prevent bullying;
- ensure that standards of behaviour in the classroom support a positive learning environment; and
- promote positive and respectful relationships outside the classroom.

(Section 89(1) of the Education and Inspections Act 2006)

Leaders within the school

All staff are expected to encourage good behaviour and respect for others in students, and to apply all rewards and sanctions fairly and consistently. Well planned, interesting and demanding lessons make a major contribution to good discipline. Therefore Heads of Departments are charged with using their best endeavours to ensure that programmes of study and the methodology used in the Department are well thought out and of a consistently high standard. Staff are also expected to provide students with appropriate models of behaviour in their own conduct and dealings with students.

Standards of Behaviour

The school will set high standards of behaviour and endeavour to encourage good habits of work and behaviour from the moment a student enters the school. All staff are expected to promote self-discipline amongst students and to deal appropriately with any unacceptable behaviour.

Punctual attendance at school and lessons is required.

All absence must be explained and unexplained absence will be followed up by the relevant staff as outlined in the Attendance Policy.

It is understood that there will be variations in staff acceptance and tolerance of student's behaviour in class depending on the nature of the class and content of the lesson, but behaviour which does not allow constructive teaching and learning is totally unacceptable and all staff must ensure that such behaviour is not tolerated.

All staff are required to actively support the adopted Code of Conduct within Carre's Grammar School referred to as *Behaviour for Learning*. The sixth form students are subject to the Sixth Form Discipline Code.

Through regular discussions at Pastoral, Department and School Council meetings we shall endeavour to ensure that staff apply all standards consistently and fairly.

The Behaviour for Learning code of conduct is reviewed annually in consultation with staff, students and parents.

Rewards

Wherever possible, staff should use the reward systems to encourage good behaviour and reward achievement.

Key Stage 3

Rewards in Key Stage 3 are awarded through a House Point system. These can be acquired for excellent work, consistent good work, community service both in and out of school, and sustained good behaviour. Participation in house events will also accrue House Points.

When a milestone is achieved during the year a letter is sent home. Achieving the different milestones qualifies a student for entry into regular prize draws in the Reward Assemblies. The highest levels of attainment lead to other more tangible rewards. Forms also complete to achieve the OSCARRE for the highest house point tally.

There are also rewards for sustained effort, tracked through Progress Grades, ranging from certificates to participation in out of school activities.

Reward Assemblies celebrate both personal and academic achievement, as well as contributing towards a sense of school community. These are held at Christmas, Easter and at the end of the school year.

The House Point milestones:

In Y7s – Y9	25 House Points	= Prize Draws
	50 House Points	= Prize Draws
	75 House Points	= Prize Draws
	100 House Points	= Early Lunch Pass
	200 House Points	= Gift Voucher

Key Stage 4

Rewards in Key Stage 4 are awarded through Performance Awards. These can be acquired for excellent work, consistent good work, and community service both in and out of school.

When a student achieves a Performance Award a letter is sent home outlining the reason for it being issued. For every Performance Award that a student achieves, he will be entered into a Prize Draw during the Achievement Assemblies, which take place in February (mid-year) and July (end of year) for Years 10 and 11.

During the Achievement Assemblies, outstanding progress grades, improvement in progress grades, musical and sporting achievements and contributions to the wider community are also recognised.

Key Stage 5

There is currently no reward scheme for Key Stage 5. However, sustained effort and progress is rewarded with additional privileges such as Home Study.

Support Systems

The school has a number of programmes and techniques for supporting behaviour management. These are:

The school operates a student support system based on a hierarchical structure.

The initial point of contact is the Form Tutor or Class Teacher, then onto the Head of Year via the Head of Department or Subject Leader where appropriate, and eventually the Assistant Deputy Headteacher.

At any time a student may approach any member of staff (both teaching and non-teaching) for support.

As part of the disciplinary process, the school seeks to adopt an approach that supports positive behaviour change.

The Heads of Year and the Assistant Headteacher (Care, Guidance and Support) have access to internal and external agencies who can provide the appropriate support to a student. These agencies include:

Student Support Mentor

Early Help Consultants

SENCO

School Nurses

Educational Psychology Service

Counselling Service

Addaction

Young Carers

Emotional Support Service (ie bereavement and loss)

Inclusion and Attendance Support Service

CAMHS

Parent Support

Behaviour Outreach Support Service

There is also access to the Child Protection Agencies within the Education Service, Social Services and the Police.

The school gives due consideration to the impact of SEND on a student's behaviour when considering sanctions and the SENCO and/or Key Worker is always consulted as part of the process.

Consequences

Sanctions should be applied when expectations regarding conduct have not been met, or where it is necessary in the circumstances to show appropriate disapproval. In all cases, these should be consistent with the consequences associated with Behaviour for Learning.

All staff must seek to ensure that punishments are proportionate to the offence, and should enable students to make reparation where possible.

As far as possible the sanction applied should be as constructive as possible.

- completion of work at home or extra work (in school or at home)
- carrying out useful tasks to help the school
- detention (in school hours or outside school hours, bearing in mind the legislative restrictions on detention in s 550A of the Education Act 1996, as amended in 1997)
- removal from the group/class, particular lesson or for a proportionate period of time
- withholding participation in educational visits or sports events which are not essential to the curriculum
- fixed and permanent exclusion

Part of the process of education is to learn from the mistakes made in both formal learning and social contact. However, there are exceptional occasions when very serious transgressions would result in a student's permanent exclusion from Carre's without previous lesser sanctions being applied. Specifically, in addition to the incidents contained in guidance from the DfE (serious, actual or threatened violence against another student or a member of staff, sexual abuse or assault, supplying an illegal drug or carrying an offensive weapon), students who are involved in organised theft, persistent bullying or the supply or possession of illegal substances, whether for financial gain or not, or students who are engaged in persistent misbehaviour, should expect to be permanently excluded by the Headteacher/Head of School. If there is a clear link between the misconduct of a student outside of school and the promotion of good behaviour and discipline on the part of our students, then sanctions may also include exclusion.

Involvement of Parents

Parents will be involved in discipline cases as appropriate. Individual staff should not involve parents without first informing the Head of Year or Deputy Headteacher.

Parents are also encouraged to support good behaviour and positive habits in their student through the school's 'Home-School Agreement', and at consultation meetings.

Involvement of Staff

The working of the school's policies and procedures will be discussed regularly at scheduled departmental, pastoral and whole school staff meetings. Staff will also be involved in discussions with students in form/tutor group time.

Staff will also be called upon from time to time to identify problems that may be behind any bad behaviour, and to suggest possible courses of action.

Training in behaviour management will be provided from time to time and individual support provided where appropriate.

Involvement of Students

Staff should be aware that Article 12 of the UN Convention on the Rights of the Child allows students who are capable of forming views the right to express those views. The government's Circular 10/99 also suggests that students can help to reinforce behaviour policies by contributing to them. Students and their parents have the right to appeal built into the Behaviour for Learning structure at all levels.

The Head Boy and Head Girl lead a team of senior Sixth Form prefects. They are further supported by teams of assistant prefects. The prefect teams support the staff team in maintaining a safe and ordered community at breaks and lunchtime. They can refer students to staff members or tutors where their conduct or behaviour gives cause for concern.

The School Council will be involved in reviewing this policy as well as the school's anti-bullying policies and procedures and in the school's programmes to reinforce self-discipline and positive work and behaviour patterns. Discussions in Form/tutor group time will inform the deliberations of the School Council.

In particular the Deputy Headteacher, in collaboration with the SENCO, will ensure that the needs of SEN students are properly taken into account, and their participation in the consultation process is assured.

Consultation

The Headteacher/ Head of School will seek the widest possible agreement for this policy, and will report at least annually to the governing body on its implementation.

Equal Opportunities

All rewards and sanctions must be applied fairly and consistently and in accordance with the school's equal opportunities policy.

Publication

The Headteacher/Head of School will publicise the policy at least once per year to students, parents and staff. It will also be made accessible to parents whose first language is not English. The school will consider translating the policy as appropriate.

The Policy should be read alongside the following Robert Carre Trust Policies:

- the Confidentiality and Data Protection Policy
- the Anti-bullying Policy
- the Complaints Policy
- Use of Reasonable Force Policy
- Safeguarding Policy
- SEN Policy

Behaviour for Learning (BfL)

The premise – all behaviour has a consequence. Cooperative behaviour results in rewards. Uncooperative behaviour results in a negative consequence. To encourage personal responsibility, formal sanctions are preceded by a FORMAL WARNING (C1) and the opportunity to review inappropriate conduct with a Subject Leader / Director of Faculty (C2 R (Referral)). However, serious disruptions to learning or more serious misdemeanours may lead directly to a C2D (After-school detention).

After-school detentions are held on Thursday evening from 4-5pm. Students may read a book of their choice or a published revision guide to ensure that they are engaged in meaningful activity during the hour. Parents are given at least 24 hours notice of an after-school detention. Any student receiving a detention is expected to serve their detention after school regardless of the distance they live from school. We are happy to discuss alternative nights if the scheduled Thursday proves impossible for any parents due to prior commitments. Students may also rearrange a detention if there is a clash with a school sports event. However, persistent offenders will be expected to serve their detention regardless of any sporting commitment.

The boxes below outline the types of behaviour that will engender consequences.

<p>C1 /C2R Formal Warning/ Referral to Senior Staff</p> <ul style="list-style-type: none"> • Inappropriate verbal interaction • Talking when teacher is talking • Engaging in argument over verbal warning • Behaviour/Actions that disrupt learning • Lack of books /equipment • Late to lesson without good reason • Unsatisfactory work-rate / task completion • Slippage of Dress Code • Eating / chewing outside designated areas 	<p>C2D After-School Detention</p> <ul style="list-style-type: none"> • Further C2R • Failure to meet Exam Work or H/W deadline • Exam Work or H/W unacceptable standard / incomplete • Use of bad language between students • Reckless Behaviour • Physical altercation • Serious Disruption to Learning • Failure to report to Referral Session • Failure to attend after-school detention • Level 1 Misuse of ICT (Inappropriate content / use)
<p>C3 Isolation / Lesson Exclusion - REFER to HoY/PL / DHT</p> <ul style="list-style-type: none"> • Third C2D in a term / removal from lesson • Disrespectful towards member of staff • Public use of offensive language/offensive behaviour • Aggressive Behaviour • Racist / Homophobic / Abusive remarks • Bullying (Second Warning) • Allowing your Exam Work to be plagiarised • Bringing the school into serious disrepute • Persistent failure to attend after school detention • Level 2 Misuse of ICT (Sharing / Offensive) 	

**** Students have ONE homework / exam work life per subject at the start of each year.**

Persistent Offenders (3 or more C2D in one term) will incur the more serious sanction of a C3 (**Internal exclusion**). Depending on the circumstances, students may be excluded from specific lessons or all of their lessons for one or more days.
Certain misdemeanours may trigger an automatic C3 (see box to the right).
At this stage appropriate **support programmes** would be put in place.

C4 Off-Site Exclusion

Examples include:

- Indirect offensive language towards member of staff
- Physical assault of another student
- Reckless damage
- Homophobic/racially motivated harassment/abuse
- Theft (including when in uniform out of school)

Examples include:

- Possession and supply/intent to supply of banned substance /object
- Organised theft
- Sustained & persistent bullying
- Sustained and persistent disruptive/non-cooperative behaviour
- Serious assault on another student
- Assault towards member of staff

More serious behaviour and a persistent failure to meet expectations may result in an * Off-Site or **Fixed-Term External Exclusion (FTE)**. Students who acquire a C4 or C5 will also forfeit their right to take part in reward visits. Every effort is made to provide appropriate support to students sanctioned in this way. Outside agencies may be involved at this stage. Should a student incur further exclusions he may be at risk of **Permanent Exclusion C6**. Every effort is made to avoid this outcome and we seek to work with parents to secure the necessary behaviour change.

* C4 Off-Site Exclusions are usually served at KSHS as part of a reciprocal agreement

Our expectations for behaviour outside of the classroom are very similar to those in the classroom but take into account that there is more scope for anti-social behaviour where students are associating in less structured environments.

REWARDS

The vast majority of our students are cooperative and work positively with us to achieve their potential. We believe it is important to recognise this and celebrate the achievements such cooperation brings.

House Points

Students are awarded house points for a variety of reasons such as academic achievement, participation in house or school events, personal achievements or good deeds. As they reach designated milestones individual rewards are triggered and a letter is sent home to celebrate the achievement.

Letters of Commendation

Exceptional acts or achievements will be acknowledged with a letter of commendation that is sent home.

Reward Assemblies

There is a reward assembly at the end of each term. Students who have achieved excellent Progress Grades are recognised and forms compete with each other to secure the *Smart Award*. The *Oscarre* is awarded to the form that achieves the highest number of House Points in that term.

In the final assembly of the year students who have achieved the different milestones are entered into prize draws where they can win gift vouchers that they can spend on the High Street or online. Students who achieve 100 points will also be eligible to take part in a reward day in school at the end of the summer term.

From this year the house with the highest number of House Points will be rewarded with an off-site reward day at the end of the year. All students in the house who have achieved over 50 points will be invited to take part. The costs of both reward days will be met through subscription by participating students.

Reward Visits

Students who maintain a high grade average in their effort grades through the year will be eligible to take part in the annual reward visits. In past years these have included T20 Cricket, The Lincolnshire Show and Alton Towers.

However, students should also realise that failure to meet the expectations that we have for Sixth Form students regarding attendance, work ethic, behaviour, dress code and effort will result in the Discipline Procedure being used.
