

6 February 2019

LW/JB

Dear Parent/Carer

On Friday 1 March, I have the opportunity to take ten Year 12 students to the University of Cambridge for the Cambridge Physics Experience. This will be an excellent opportunity to get an insight into studying a science-based subject at university, and to get information about applying to higher education. Although a lot of the focus will be on Cambridge University, a lot of the information will apply to any university making it a useful day for all students, even those not considering Oxbridge.

In the morning, we will visit one of the Cambridge Colleges, where we will have a tour of the college, a talk about studying at Cambridge and more general advice about higher education. The afternoon will be spent at the Cavendish laboratory. Students will take part in a practical session, in which they will apply curriculum science to novel exercises, and presentations on exciting research topics.

The day is free, but £10 will be required from students attending to cover the cost of the coach. This can be paid using the ParentPay system once your son/daughter's place has been confirmed. We will leave school at approximately 8am and return around 6pm, so your son/daughter will need to bring a packed lunch. Your son/daughter will also need to excuse themselves from any lessons they will miss during the day.

If you would like your son/daughter to attend, please complete the reply slip below and return to me no later than Friday 15 February.

If you have any further questions, please feel free to contact me by phone or email at: [luke.whiting@carres.uk](mailto:luke.whiting@carres.uk).

Yours faithfully

**Luke Whiting**  
Head of Physics

---

**Please return to: Mr Whiting, Head of Physics, Carre's Grammar School by 15 February**

**Cambridge Physics Experience - 1 March 2019**

I give permission for my son/daughter .....

form ..... to attend the Cambridge Physics Experience on 1 March 2019.
